Dear Hiring Manager,

I am highly excited to apply for the Junior Back-End Developer position at BlueWhale Apps Inc. I am currently studying a Higher Technician degree in Multiplatform Application Development and at the same time, I also hold certifications in Full Stack Development (IBM), Web Development with .NET and Angular, and Testing with Java and Spring Boot. In addition, am mediumly proficient in Java, C#, Python, JavaScript and TypeScript and I also have experience with other programming languages, like you could appreciate in my CV resume.

Finally, my adaptability and problem-solving skills are strengthened even more with my graphic design experience and customer-facing roles. Overall, all of this allows me to approach development with a creative outlook.

I admire BlueWhale Apps Inc.'s commitment with our society and I would love to be able to contribute and growing within your team. Thank you for your time and consideration.

Best regards,

Kevin Zamora ([LinkedIn Profile](#) | [GitHub Profile](#))
