

3. Grammar: Gerund and Infinitive

≡ Bare Infinitive

5 / 9

BARE INFINITIVE (WITHOUT TO)

MODAL VERBS: can, could, will, would, may, might, shall, should, must, and ought to.

Examples:

- You **should restart** your computer to apply the changes.
- I **can help** you to fix the bug.
- We **must test** the software before releasing it.

MAKE + OBJECT

- The compiler **makes the code executable**.

LET + OBJECT

- **Let the program finish** running before you close it.

FEEL, HEAR, HELP, LET, MAKE, SEE and WATCH.

Examples:

- I **saw** the cell tower **collapse**.
- I **heard** the server **crash**.
- The IDE **helped me debug** the code.

WOULD RATHER

Used to express a preference between two options.

- I **would rather work** on the front-end development than the back-end.
- I **would rather use** Python for this project than Java.

HAD BETTER

Used to give advice or warn someone about a potential consequence.

- You **had better save** your work before the system update.
- We **had better test** the code before submitting it.
- You **had better refactor** the code to make it more efficient.
