9. This report will analyse
10. \_\_\_\_\_ between the supply and the demand of Asturian apples,

## **Report: Enhancing the Production and Use of Asturian Apples for Cider**

### **Introduction**

The "Asturian Apple Company" is known for producing high-quality apples used in cider. Recently, apples from other regions have been imported to make cider. \_\_\_\_\_ why this is happening and suggest ways to improve the production and use of different Asturian apple varieties. Understanding these reasons can help strengthen the market for Asturian apples.

### **Findings**

\_\_\_\_\_ from other regions have been identified. Firstly, there is a big gap \_\_\_\_\_, especially during the peak cider production times. Local production cannot meet the high demand, \_\_\_\_\_. Secondly, cost factors are important. Apples from other regions are often cheaper \_\_\_\_\_. Lastly, the quality and consistency of local apple varieties can vary due to changing weather and farming practices, making them less reliable for large-scale cider production.

### **Recommendations**

\_\_\_\_\_, several steps are suggested. \_\_\_\_\_ to increase the yield and quality of Asturian apples. Secondly, agreements with local farmers should be developed to ensure a more stable and consistent supply of apples. \_\_\_\_\_ to these farmers to improve their practices. \_\_\_\_\_ the unique qualities and heritage of Asturian apples should also be created to attract more consumers. Finally, financial help from regional authorities could be sought to reduce production costs and make local apples more competitive.

### **Conclusion**

\_\_\_\_\_ will help The Asturian Apple Company better compete in the market and maintain the tradition of high-quality cider production.

**LISTENING (10 points x 2 = 20 points). Write (T) TRUE or (F) FALSE for each statement according to the text you will listen. Read the questions carefully before answering them. It is not necessary to correct the FALSE ones.**

1. The woman's computer is fast and working properly.
