

### 3. Grammar: Gerund and Infinitive

≡ Gerund

3 / 9

#### GERUND (V-ING)

Use a **gerund (-ing)** when the verb is the subject of the sentence.

- **Debugging** code is essential for software development.
- **Programming** in Python is challenging but rewarding.
- **Collaborating** with others is a crucial skill for success in the tech industry.

After **prepositions**:

- *I'm tired **of coding***
- ***Before leaving** work I need to check my schedule.*
- *We are looking forward **to working** with you*

Use a gerund when the verb **follows certain verbs, such as**:

- **suggest, recommend, advise**: *We **suggest using** a coding style guide to maintain consistency.*
- **enjoy, hate, love, like**: *He **likes** debugging complex algorithms.*
- **avoid, stop, quit**: *They **avoid using** deprecated code in their projects.*
- **can't help, can't stand**: *She **can't stand working** with outdated software.*
- **there's no point / there's no use (in)**: ***There's no point in** arguing.*
- **it's (not) worth**: ***It's not worth** trying*
- **be used to, get used to**: *We're **used to working** remotely.*
