Task: A report

Subject: Inglés 1 (CFGS DAM)

Subject: Follow-Up on Product Guarantee Inquiry

Dear PCComponentes manager,

I hope all continue going well and you could bring me a sooner response. I am trying to request about my previous query in what I have asked you about the guarantees offered on your products. I have not received any response yet.

I would appreciate receiving some details you can provide about the warranty terms, coverage, and any additional services included on your products and services. I would like to understand these aspects. And I believe it would be important for my purchasing decision.

Please let me know if you need something more to facilitate a propperly reply to me. I look forward to hearing from you soon.

Best regards,

Kevin
